Installation for iOS

Applications setting (Example Skype)

The screenshot shows the Skype application interface with the 'Tools' menu open. The 'Skype™ - Options' window is displayed, showing the 'Audio settings' section. The 'Tools' menu is highlighted with a blue box and labeled 'step 1'. The 'Audio settings' section is highlighted with a blue box and labeled 'step 2'. The 'Microphone' dropdown menu is highlighted with a blue box and labeled 'step 3'. The 'Speakers' dropdown menu is also highlighted with a blue box. The 'Microphone' section includes a dropdown menu showing 'Microphone (USB Lavalier Microphone)', a volume slider, and a checked checkbox for 'Automatically adjust microphone settings'. The 'Speakers' section includes a dropdown menu showing 'Speakers (Realtek High Definition Audio)', a volume slider, and a checked checkbox for 'Automatically adjust speaker settings'.
